

You Are Valuable

Our imperfections have value.

Excellence vs. Perfection

Excellence pushes us to do our best.
Perfection demands us to be the best.

Growing in Grace

Every gift we have is given in seed form.

Plant the Seeds

If we don't plant our seeds (gifts) we will never see growth.

Comparison

Originals should not compare.
Originals should celebrate.

Die to Self

When we die to self, we get to find who God made us to be.

Imperfection

We define our imperfection by comparing others' perfection.

Building Community

Accept others' imperfections as attempts at connection.

God Cares

He cares about what we think and why we think that way. Give him your thoughts.
